

## ChatFixedIt - Prompt Builder Template

**Describe the Problem (What's wrong? Be specific):**

**System Specs (CPU, GPU, RAM, etc):**

**Context (What have you tried already?):**

**Desired Outcome (What do you want ChatGPT to help with?):**

**Extra Notes or Constraints (e.g., no downloads, low RAM, time-sensitive):**

**Prompt Version (Copy the final version of your prompt here):**

**Follow-Up Questions (What will you ask next?):**
